OFFICE OF THE DIRECTOR

The Office of the Director provides leadership and support on a department-wide basis to empower, facilitate and oversee program and management activities of the divisions. The broad purposes of the Office of the Director are: to promote efficient and effective service delivery at the divisional level; to increase the accountability of divisional programs and services to the administration, the County Board and the public; and to serve as an impetus to service coordination and integration. Effective coordination and integration of activities across Divisions increases cost effectiveness and improves the comprehensiveness and quality of services, approaching the management ideal of organizational synergy, where the whole is truly better than the sum of the individual parts. Through these leadership and support activities, the Office of the Director enables divisions to better contribute to the overall mission of the department, to address more completely the needs of their shared clientele, advocate more fully on behalf of the most vulnerable members of the community and communicate more effectively the nature and outcomes of the department's work.

- To seek out and develop revenue options to maximize the service and management resources of the department and minimize the use of county levy to support Human Services within the county (i.e. Medical Assistance, Income Maintenance, Medicaid Reimbursement, and Federal/State Grants).
- To assure that all reasonable efforts are made by Divisions to contain costs and improve operational efficiencies without compromising service availability and quality.
- To implement through the service divisions of the agency mechanisms of quality assurance and service accountability through the RFP/RFA process and to make such information available to agency oversight bodies and the public.
- To promote and implement effective working relationships between the department and its many community partners, including private service providers, units of government, community-based organizations, education/training institutions, employers and funding entities.
- To ensure adequate facility, administrative and infrastructure support for divisional service systems and agency management within the one-stop Job Center/Human Services Building.

Through our partnerships within the Department of Human Services, the Division of Health provides nursing and laboratory testing services to the Divisions of Disability & Aging Services, and the Division of Workforce Development, and the Division of Children & Family Services. The Division of Health strives to maintain school-nursing services to city schools in a cooperative effort to meet and safeguard the needs of the children of Kenosha County.
- **Prevention of Disease:** The Division of Health's goals are to increase percentages of children who are fully immunized with childhood vaccines, as well as increase the percentages of children who have been tested for blood lead poisoning, utilizing the CDC Guidelines. The Division of Health in cooperation with regional health facilities strive to increase timely and efficient reporting of communicable diseases via community partners and provide communicable disease surveillance. The Public Health Laboratory coordinates with other laboratories within the State of Wisconsin on Public Health Preparedness Issues and the Laboratory Response Network.
- **Promotion of a Healthy Environment:** The Division of Health continues to educate the public on health and safety issues and maintain outreach efforts via numerous media outlets. The Environmental section will continue their risk-based inspection programs for public establishments within Kenosha County.
- **Protection and Preservation of a Healthy Community:** The Division of Health continues to facilitate "Healthy People Kenosha County 2020" utilizing Implementation Committees to accomplish objectives in each priority area, which include minority health issues and the injury prevention activities. The Division of Health strives to achieve the Public Health Preparedness contract objectives. The Division of Health continues to meet the objectives for the HUD Lead Hazard Control Grant, "Kenosha/Racine Lead-Free Communities Partnership" in an effort to maximize the lead poisoning protection of the children of Kenosha County and the City of Racine.

DIVISION OF CHILDREN AND FAMILY SERVICES

MISSION STATEMENT

To promote the safety and well-being of the child, family and community by providing services to children, youth and families that are delivered in a respectful, culturally competent manner and are intended to maximize strengths and empower individuals. To advocate for children and families on the national, state and local level.

To accomplish its mission and to achieve its goals, the Division of Children and Family Services works collaboratively with other Kenosha County divisions, community-based organizations, public and private partners, local school districts, higher education institutions and businesses. Some of the established goals of the Division include:

- To support families in achieving economic self-sufficiency, positive family functioning and to become resilient to child abuse and neglect through prevention services.
- To ensure the safety of children referred to the Division, through effective community-based programs and, if necessary, out-of-home placement.
- To reduce the risk factors in families that contribute to child abuse and neglect.
- To provide strength-based community-based services for developmentally disabled and special needs children.
- To assure permanency for every child placed in out-of-home care.
- To provide services to juvenile offenders using a balanced and restorative justice approach focusing on accountability of youthful offenders, protection of the community, restoring victims of juvenile crime and youth competency development.
- To decrease recidivism by juvenile offenders by providing effective supervision and aftercare programming.
- To reduce gang involvement of gang-affiliated youth or youth identified as at-risk of gang involvement through community-based programs and community/neighborhood gang-awareness activities.

To maximize federal, state and local dollars by providing the most competent and beneficial programming for children and families in need of services.
