

Home & Property Maintenance Provider List

These providers can help you take care of your home at times when you can't or it's unsafe to do all on your own. They are able to help with small things you need repaired, built or installed.

The Aging and Disability Resource Center does not screen or recommend these providers. Please use your judgment when calling for services and let us know if you are happy or not happy with someone on this list. It is very helpful to hear from you. We only want to list businesses that provide good service.

Some things to think of when hiring someone for handyman services:

- Ask for references and to see some of their work.
- Check with the Better Business Bureau, 1-800-273-1002 or access their website to search for other providers. www.bbb.org/ *See Disclaimer below for further recommendations.
- Some services must have permits and must be follow city codes. Verify who will get these items and approval.
- Get written agreements or estimates that detail the work to be done, start and finish dates, cost and payments. **Do not make the final payment until all work is finished.
