For Immediate Release

Future KD Park Open House set for Oct. 16th & Oct. 30th

Kenosha County Executive Jim Kreuser and County Board Supervisor Dennis Elverman are inviting the public to explore the future county park planned in the Town of Randall.

The future park, located at 8530 – 352nd Ave., will be open from 8 a.m. until 5 p.m. on Saturday, Oct. 16th and Saturday, Oct. 30th.

Kenosha County purchased the former gravel pit on County Highway KD between State Highway 50 to the north and County Highway F to the south in the towns of Wheatland and Randall about ten years ago with the idea of transforming it into a public park.

The future park entrance and County Highway KD were improved this past summer using Federal ARRA money.

People will have the opportunity to walk the paths that were cut and created with the help of the Summer Youth Employment Program workers at the direction of County Parks staff.

The County Executive's Green Ribbon Committee, consisting of representatives from Snap-On Tools, Gateway Technical College, the Wilmot High School District, the Central High School District, the county Public Works Department, and area residents have been meeting to discuss creating a park with an emphasis on sustainable living education and recreation.

For more information about the open houses, please call 262-653-2831.
