Dear ~~Mr~~ Kreuser:

Thank you for your letter about the initiative by Google to build and test an ultra-high speed broadband network. As President of the Village of Paddock Lake, I strongly encourage you to pursue this option for Kenosha County. This system would have many benefits in promoting economic growth, education, health care, public safety, and competitive prices for enhanced network services.

Please pass this letter on to Google, and let them know the Village of Paddock Lake supports the building of an ultra-high speed broadband network.

Sincerely,

Marlene Goodson, Village President
